Page 7 DONATIONS

Jah-Jireh was originally founded in 1985. A Charity was formed in 1997 and by 2000 the Homes and related properties were transferred into it under the trust deed stating this purpose:

Every resident can benefit from:

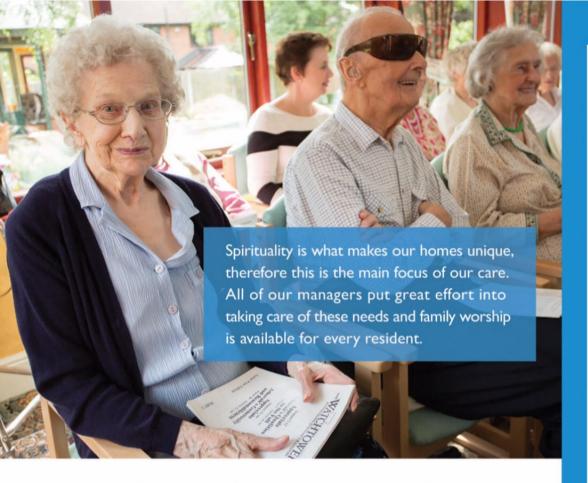

- Surroundings where personal beliefs and preferences are understood and respected
- Spiritual support, comfort and encouragement
- Spiritual focus based on scriptural principles
- Provisions available to attend all meetings, assemblies and conventions with alternative arrangements available for those unable to attend.

Our sole purpose is to provide loving, spiritual and physical care for those in the community of Jehovah's Witnesses who find themselves needing to be cared for by others, due to old age or infirmity.

...to look after orphans and widows in their tribulation...

JAMES 1:27 ———

We recognise that the primary responsibility to care for elderly ones lies firstly with family and secondly with the congregation. In circumstances where this is not possible then Jah-Jireh may be able to help.

As a resident of Jah-Jireh you will have your own, simply furnished bedroom, enabling you to bring additional items to personalise your room as you wish. There are TV lounges and quiet lounges where you can also entertain your visitors.

The well maintained gardens all have features of their own and provide a relaxing place to sit and enjoy a cup of tea. Each home has various activities which include craft classes and outings.

There are beauty treatments and a hairdressing salon, which are available at modest costs. Professionals such as doctors and district nurses also make visits to the homes.

We have regular entertainment within the homes such as cinema evenings and during the summer we try to arrange garden parties where you can invite your family and friends and brothers and sisters from the local congregations for an interchange of encouragement.

Our homes are monitored by CQC (CSSIW in Wales). We have excellent reports on our compliance with professional standards. A summary of these reports is available on their respective websites.

FIVE STEPS TO A PLACE IN JAH-JIREH

I. Application

Phone or write to our office for an application form and complete and return it. We will then help you through the process which includes:

2. Assessment

Obtain an assessment of your current care needs from a qualified Healthcare professional. We can help with this.

3. Finance

Private funding

If your capital/savings total is above the government threshold and/or you own your home, our admissions team can guide you through the process.

Local Authority funding

The Council in the area in which you live can help if your capital/ savings total is below the government threshold. They will send someone to assess how they can help you. We will help also.

Nursing Care

If you have been assessed as needing nursing care, this too can be provided.

4. Trial Stay & Respite Care

We recommend that, wherever practical, you have a trial period of at least two weeks as a foretaste of life at Jah-Jireh. Periodic short stays for respite care is also available.

5. Further Information

Please do not hesitate to contact our Admissions Team who will be pleased to answer any queries. Telephone: 01772 633380

As a Charity we are grateful for the donations we receive as they enable us to make these homes available for our elderly brothers and sisters. Also they are a basis for our ability to develop and improve our facilities further. For more details please see our newsletters (available for download from our website www.jah-jireh.org) or contact our head office.

Friends of Jah-Jireh

We very much appreciate our "Friends of Jah-Jireh". There are people from all around the country who help us raise awareness of the Charity and its work. Some are able to make time to visit the homes and spend time with our elderly ones and often volunteer time to work on projects there.

Volunteers

Some who live close to the homes often volunteer their time to encourage the residents. This includes spiritual discussions, ministry arrangements, craft and exercise classes. Volunteers from further afield have also offered to share in supporting our elderly ones in whatever way they are able, even if it is just writing a short card to one of the homes, and all of this is greatly appreciated.
